

Legalization / Recognition of high school documents – instruction what needs to be done

According to the Regulation of the Minister of National Education on Recognition of School Certificates Obtained Abroad (March 25th, 2015) school documents issued in foreign education systems must be confirmed through the ‘recognition process’ – it is a condition that must be fulfilled by all foreign candidates who wish to study at Polish universities.

The recognition process is to be conducted in Poland (immediately upon arrival to Poland). Please follow the steps below to complete the procedure.

- Please do remember that the process has to be finished until the end of the first year of your studies (30.09).

- Failure to finish the process within the specified time will result in proceedings aimed at revocation of the decision on admitting you to the studies, which means that you will be removed from the students’ list of the Medical University of Lodz, so please treat this topic as very important.

GETTING THE FOLLOWING DOCUMENTS:

1. **DIPLOMA** - Legalised original (or duplicate) of relevant education certificate (a diploma or another document confirming graduation from a foreign school).

Holders of the **IB Diplomas (International Baccalaureate)**, issued by the International Baccalaureate Organization in Geneva and holders of the **EB Diplomas (European Baccalaureate)** issued by the European Schools, in accordance with the Convention on the Statute of the European Schools, drawn up in Luxembourg on June 21, 1994 (Journal of Laws of 2005, No. 3, item 10) - There is recognition under the law, you need to deliver the original IB or EB Diploma (or a notary confirmed copy) to the office on Hallera Square 1.

<u>Apostille</u> - please learn more about apostille here: HCCH Apostille Section	<u>Legalization</u>
<p>In the case of certificates issued by a school or by an educational institution operating in the education system of a country which is party to the Hague Convention Abolishing the Requirement of Legalization for Foreign Public Documents concluded on 5th October 1961 (Journal of Laws of 2005 No. 112, item. 938 and 939), you should submit an Apostille issued by the competent authority of the state or country from which the certificate originates. <u>The apostille can be placed on the original diploma / certificate or on its duplicate – available for inspection, or on a copy of the certificate whose faithfulness to the original has been confirmed by a notary.</u></p> <p>http://www.hcch.net - the valid list of countries – parties to the Hague Convention</p>	<p>In the case of certificates issued by a school or by an educational institution operating in the education system of a country which IS NOT party to the Hague Convention you need to submit the original or a duplicate of a foreign certificate legalised by:</p> <ul style="list-style-type: none"> - a consul of the Republic of Poland based in the country where or in whose education system the certificate has been issued, or - the education authorities of the country where or in whose education system the certificate has been issued, or - a diplomatic representation accredited in the Republic of Poland or in another member state of the European Union, in a member state of

NOTE: If you graduated from school, that follows for example the Indian Curriculum (India is a country from which an Apostille is required) and you studied at that school in Kuwait (a country from which legalization is required), then you must apply for an Apostille from India, not legalization from Kuwait. The same applies for A-level Certificates obtained at schools located in other countries than Great Britain – for these you must have an Apostille from Great Britain (the country whose national curriculum you were following at your school).

2. **TRANSCRIPT OF RECORDS** – you need a documentary evidence of learning in a foreign school containing:
- a list of grades received from an exam determining the graduation from a school or a completion of a given educational stage,
 - a list of completed subjects and classes as well as grades.
- It should be confirmed by a school or by an educational institution which has issued the certificate, or by education authorities.

NOTE: Grades may be included in the diploma / certificate itself. In this case there is no need of submitting any additional document.

3. **ELIGIBILITY STATEMENT** - an information on the right to continuation of learning at an appropriate level in the country where diploma or certificate has been issued (including university studies, in which domain). Unless the diploma / certificate itself contains such information.
